OPEN HOUSE

NIH/NINDS Epilepsy Therapy Screening Program (ETSP) Contract Site

*College of Pharmacy - L S Skaggs Pharmacy Institute
Skaggs Pharmacy Auditorium*

Since 1975, the University of Utah has been the primary contract site for the NINDS-funded Anticonvulsant Screening Program (ASP; now ETSP), to perform preclinical studies to identify new treatments for epilepsy. Current efforts are focused on identifying treatments to address unmet needs in epilepsy, including pharmaco-resistant epilepsy, comorbidities, and disease prevention/modification.

Please join Karen Wilcox, Ph.D. (Principal Investigator) and other contract site staff in an open house of their testing facilities on October 9, 2019.

**To Register, Please Contact Ana Garcia-Orellana, email:
